

When I Go Deaf

Low

When I go deaf
I won't even mind
Yeah, I'll be alright
And I'll be just fine
I'll stay out all night
Looking at the sky
I'll still have my sight
Yeah, I'll still have my eyes
And we will make love
We won't have to fight
We won't have to speak
And we won't have to lie
And I'll stop writing songs
Stop scratching out lines
I won't have to fake
And it won't have to rhyme
When I go deaf
When I go deaf
When I go deaf
When I go deaf
When I go deaf
When I go deaf
When I go deaf
When I go deaf
