

Be Happy

Mary Mary

My heart has found a new beat
Ever since you came into my life
No, I don't lose no sleep
'Cause I know He's walking by my side And if you're looking for me
Safe in His arms is where you'll find me
'Cause I gotta be, gotta be happy
Wanna be happy I was searching for a long time
For the right one to give my heart to
Then suddenly I looked to the sky
And I realized that it should be You 'Cause sometimes I stray away
And I make mistakes but You still love
So now and forever
Your arms is where I wanna be My heart has found a new beat
Ever since you came into my life
No, I don't lose no sleep
'Cause I know He's walking by my side And if you're looking for me
Safe in His arms is where you'll find me
'Cause I gotta be, gotta be happy
Wanna be happy Tell me how would you describe happiness
Right now you're all good, later you're a mess
Maybe you should start making some changes
Ever consider reaching toward Heaven Your burdens will get lighter
And you'll have no desire
To turn away 'cause I can say
That His love won't ever change My heart has found a new beat
Ever since you came into my life
No, I don't lose no sleep
'Cause I know He's walking by my side And if you're looking for me
Safe in His arms is where you'll find me
'Cause I gotta be, gotta be happy
Wanna be happy Never ever found a treasure
Just to call my own until You came along
No matter what happens, You're mine forever
You captured my soul and I won't let go My heart has found a new beat
Ever since you came into my life
No, I don't lose no sleep
'Cause I know He's walking by my side And if you're looking for me
Safe in His arms is where you'll find me
'Cause I gotta be, gotta be happy

Wanna be happyMy heart has found a new beat
Ever since you came into my life
No, I don't lose no sleep
'Cause I know He's walking by my sideAnd if you're looking for me
Safe in His arms is where you'll find me
'Cause I gotta be, gotta be happy
Wanna be happyMy heart's found a new beat
Ever since you came into my life
No, I don't lose no sleep
'Cause I know He's walking by my sideAnd if you're looking for me
Safe in His arms is where you'll find me
'Cause I gotta be, gotta be happy
Wanna be happy
