

# Find The Right Man

## Alanis Morissette

I have been so alone my whole entire life  
I gotta get a break  
I needed comfort although I'm home alone  
I just got no way  
I gotta get a guy  
To take care of me  
I gotta get the right man...  
Gotta Find the right man  
Oh, find the right man  
I wonder how I'd feel if he was never around  
If I was by myself  
I'd be so frightened, I'd be a baby again  
'Cause I'd have no one else

I'd have to wear a frown  
While walking through the town  
I'd be without a man  
I'd have to find the right man  
Oh, gotta find the right man  
But even if I get my boy  
How am I gonna know (he's the right man)  
I gotta meet a guy, go out on a date  
(spoken: That's for you, mom & dad)  
So I can find the right man  
I've gotta find the right man  
My own right-hand man  
Help me find the right man..
