

Love Is Strange

Everything But the Girl

Love, love is strange
Many people take it for a game
Once you've had it you're in an awful fix
'Cause after you've had it you never wanna quit
A lot of people, they don't understand
They think lovin' is money in their hand
Your sweet lovin' is better than a kiss
When you leave me those kisses I will miss Love, oh woh, love is strange
Many people, oh woh, take it for a game
Once you've had it, oh woh, you're in an awful fix
'Cause after you've had it, oh woh, you never wanna quit
A lot of people, woh woh, they don't understand
They think lovin', oh woh, is money in their hand
Your sweet lovin', oh woh, is better than a kiss
When you leave me, oh woh, those kisses I will miss
When you leave me, oh woh, those kisses I will miss
Those kisses I will miss, those kisses I will miss
Those kisses I will miss
