

# Electricity

Motörhead

Don't speak of your beliefs,  
They are yours to keep  
Memories will fade  
As time goes by  
Remember just yourself,  
Me or someone else You will be the only one to try  
Freedom to believe don't cost a thing  
Innocence should not be bought and sold  
Kiss a bolt of lightning  
It'll make you sing  
Electricity deep in your soul Don't tell me who I am  
I don't give a damn  
Your dreams are nothing  
You're a nowhere man  
Think you're really smart  
Think you're pure in heart  
Go ahead and tear yourself Disbelief don't ever cost a dime  
Innocence should not be bought and sold  
You need an open mind,  
Shiver up your spine  
Electricity deep in your soul Don't speak of time gone by,  
Don't even try  
My memories are skulls  
And vultures in the sky  
I remember everyone,  
Tall or deaf and dumb  
Now I am the only one passed by Freedom to believe  
Don't have a price  
Innocence never gets too old  
You need a bolt of rock  
Sever toxic shock  
Electricity deep in your soul
