Sailor

IAMX

In our cell you ask me
Do I wanna be a sailor
In our cell you ask me
Do I wanna be a sailorI think dirt, a suicide jump
To run a self check
Oh my girl, do you only like the younger
Or the brain dead?Three way, freeway, take me like a sailor
Three way, freeway, wanna be a sailor?
A quick step, boy, girl, love me like you love her
A knee-jerk, slow work, wanna be a sailor?In our cell you ask me
Do I wanna be a sailor
In our cell you ask me
Do I wanna be a sailorA child like a lipstick fight
Before the nose dive
My princess, do you only like the easy
And the snow blind?Three way, freeway, take me like a sailor
Three way, freeway, wanna be a sailor?
A quick step, boy girl, love me like you love her
A knee-jerk, slow work, wanna be a sailor?It's the fever, I wanna be a sailor
It's the fever, I wanna be the sailor, I wanna be the sailor
The fever, I wanna be a sailor
It's the fever, I wanna be the sailor, I wanna be the sailorThree way, freeway, take me like a sailor
Three way, freeway, wanna be a sailor?
A quick step, boy, girl, love me like you love her
A knee-jerk, slow work, wanna be a sailor
