

# Sailor

IAMX

In our cell you ask me  
Do I wanna be a sailor  
In our cell you ask me  
Do I wanna be a sailor I think dirt, a suicide jump  
To run a self check  
Oh my girl, do you only like the younger  
Or the brain dead? Three way, freeway, take me like a sailor  
Three way, freeway, wanna be a sailor?  
A quick step, boy, girl, love me like you love her  
A knee-jerk, slow work, wanna be a sailor? In our cell you ask me  
Do I wanna be a sailor  
In our cell you ask me  
Do I wanna be a sailor A child like a lipstick fight  
Before the nose dive  
My princess, do you only like the easy  
And the snow blind? Three way, freeway, take me like a sailor  
Three way, freeway, wanna be a sailor?  
A quick step, boy girl, love me like you love her  
A knee-jerk, slow work, wanna be a sailor? It's the fever, I wanna be a sailor  
It's the fever, I wanna be the sailor, I wanna be the sailor  
The fever, I wanna be a sailor  
It's the fever, I wanna be the sailor, I wanna be the sailor Three way, freeway, take me like a sailor  
Three way, freeway, wanna be a sailor?  
A quick step, boy, girl, love me like you love her  
A knee-jerk, slow work, wanna be a sailor
