

# No Sex (In The Champagne Room)

Chris Rock

{Ladies and gentlemen of the GED class of 1999  
I have one piece of advice for you  
No matter what a stripper tells you  
There's no sex in the champagne room  
None}}{Oh there's champagne in the champagne room  
But you don't want champagne, you want sex  
And there's no sex  
In the champagne room}Don't go to parties with metal detectors  
Sure it feels safe inside, but what about  
All those niggaz waitin' outside with guns?  
They know you ain't got oneIf a woman tells you she's 20 and looks 16, she's 12  
If she tells you she's 26, and looks 26, she's damn near 40  
Take off that silly-ass hat  
The O.D.B. couldn't have possibly committed all those crimes  
Coolio did some of that shitYoung black men, if you go to a movie theater  
And someone steps on your foot, let it slide  
Why spend the next twenty years in jail  
'Cause someone smudged your Puma?  
Cornbread, ain't nuttin' wrong with thatNo matter what you think of what I'm sayin'  
Remember this one thing  
There is no sex  
In the champagne roomNo sex in the champagne room  
No sex in the champagne room  
No sex in the champagne room  
No sex in the champagne room  
No sex in the champagne room  
No sex in the champagne room  
Absolutely, positively, no sex in the champagne roomIf a homeless person, has a funny sign  
He hasn't been homeless that long  
A real homeless person  
Is too hungry, to be funnyIf a girl has a pierced tongue  
She'll probably suck your dick  
If a guy has a pierced tongue  
He'll probably suck your dickHere's a horoscope for everyone  
Aquarius, you're gonna die  
Capricorn, you're gonna die  
Gemini, you're gonna die twice  
Leo, you're gonna die  
Scorpio, you're gonna die fucking

Ohh yeah  
No one goes to hooters for wings  
No no no If you've been dating a man for four months  
And you haven't met any of his friends  
You are not his girlfriend Some of the things I've said may not apply to you  
Some of the things I've said may offend you  
But no matter who you are, you must remember this one thing No matter what a stripper says  
There's no sex in the champagne room  
None No sex in the champagne room  
Said no sex in the champagne room  
No sex in the champagne room  
No no sex in the champagne room  
No sex in the champagne room  
Can't get none  
Can't have none  
In the champagne room  
Said there's absolutely, positively  
No sex in the champagne room Said no, no  
Said no  
Said Chris said.  
There ain't no sex  
In the champagne room  
No no no  
Can't get none  
Can't have none
