

# Please Take Me Home

Walter Trout

I remember when we both cried  
Couldn't hold it back, couldn't keep it all inside  
So far away, I remember when I'd say to you, baby  
I'd say:

Please take me home  
I just wanna go HomeNight would fall and you'd still be there  
Standin' right beside me, blue eyes and golden hair  
And I could see the love you have for me  
Is forever

And I'd say:  
Please take me home  
I just wanna go home  
All I wanted was to see you smile  
And you to hold my hand for just a little while  
You'd lay with me and you would hold me close to you  
And I would say to you, I'd say:  
Please take me home  
I just wanna go home
