

So I Need You

3 Doors Down

If you could step into my head
Tell me, would you still know me?
And if you woke up in my bed
Tell me, would you hold me? Or would you simply let it lie?
Leaving me to wonder why
I can't get you out of this head
I call mine and I will say Ohh, I can't let you go my little girl
Because you're holding up my world, so I need you
Your imitation of my walk and the perfect way you talk
It's just a couple of the million things that I love about you So I need you
So I need you
So I need you
So I need you And if I jumped off the Brooklyn Bridge
Tell me, would you still follow me?
And if I made you mad today
Tell me, would you love me tomorrow? Please Or would you say that you don't care
And then leave me standing here
Like the fool who is drowning in
Despair and screamin' Ohh, I can't let you go my little girl
Because you're holding up my world, so I need you
Your imitation of my walk and the perfect way you talk
It's just a couple of the million things that I love about you So I need you
So I need you
So I need you
So I need you I'm on my own
I'm on my own
I'm on my own
No, no, no, no
No, no, yeah, yeah Ohh, I can't let you go my little girl
Because you're holding up my world, so I need you
You're imitation of my walk and the perfect way you talk
It's just a couple of the million things that I love about you So I need you
So I need you
So I need you
So I need you, baby, yeah
