I'll Buy You a Star

Johnny Mathis

There's nothing that I know here on this earth
Good enough for you
So if I want to show you all your worth
I'd have to try shopping up in the skyI'll buy you a star
Not just a star but the best one in the sky
You'll have a cloud to sleep on
A cloud as light as an angel's sighA fine silver chain
Made from the rain of a summer afternoon
I'll buy you a star, my darling
But I won't rest until I buy the moonA fine silver chain
Made from the rain of a summer afternoon
I'll buy you a star, my darling
But I won't rest until I buy the moon
But I won't rest until I buy the moon
