You lead I follow
Shadow
I am your shadow
I do
As you do
Walk as you walk

Stray you not lest I be lost
Follow

This hollow I take as my own
Narrow my path has grown
Cover my eyes to better
See as you see
Feel what you reveal
Ecstasy at your command
Follow you lead I follow

Swallow all thoughts that bellow
Treasure each word I measure
I do as you do
I walk as you walk
I see as you see
Talk as you talk
I feel what you feel
Taste what you have spilled
Ecstasy at your command
