She in love with the night life
Ciroc amaretto if the night right
Fresh denim Dior all white Nikes
She a fiend for the flashing lights
But it's something that you do to me
We taking over the world just you and me
Chick to cold like 2 degrees
Take you cross the world cruise the seven seas
Get it
Good lord you can get it
If love had rehab then I would be committed
And if love was a crime girl ya boy be convicted
Heard about me in the streets you don't listen to the critics
Mind of ya own so fly independent.
Let em keep hatin cuz we fly independent.
Take the top off I don't ride nothing rented
Love sprung 101 I'm the first in attendance im witChorus:
And As fine as you are
I just wanna get get get it
