

All We Got (feat. Dimitri McDowell)

Andy Mineo

Yeah, look
More of the same, I'm corner the game
Back and forth, forth and back with the names
You call em pain, you played back
When them insecurities rang and I ain't even gotta answer
But the question remain, uh.
Why everything inside of my brain, I'd apply it to sane but yo I'm tryin to change.
I decided to ditch my strength and rely on the King.
Mama said Andy yourself is where it began
So I'm, totally free, embracin my limitations.
Wishin my heart move the same pace of this information.
I pray this ain't strange what I'm sayin but I'm tryna find a back door to your imagination, I'm here.
Let me in to be clear, I'm bringin something make you wonder whose the One that gave the gifts that I bare.
What happened next? I think about it, do you ever?
I could give you an answer but a question could be better like (Chorus by Dimitri McDowell)
Have you ever loved the pleasures of this world when it's insanity? (yeah) 'Cause it's killin' me.
Have you ever tried to be somethin you're not? 'Cause I've been searchin for security. Oh na na na.
His love is all we got. Uh, I'm tryna go from selfish to selfless.
Not just thinking bout my needs, but someone else's.
All these pretty women in my city isn't helpin.
No matter how hot their body, one day it's meltin yo
A good lie gotta little truth in it so, I'm tryin to decide what's real and embellish.
The money comin in so everybody's good fellas I don't trust em no phone numbers, tell em Email us.
Can you tell? I've been affected by this industry.
Numbers and CD sales, what the heck has gotten into me?
I had to ask myself, what's the win for me?
Do I worship God or what other people think of me?
Uh, soberin thoughts depleting my hot air.
Thinkin' bout this world when I'm not here.
Will I treasure money or the moments that we shared?
It's funny how, seein death can make life so clear.
I gotta girlfriend, been so long it feels weird.
It's not like "Yo can I get to know you?" more like "Meet my parents"
I think I'm scared 'cause it's serious and every time I tell somebody, they try to marry us.
Pump the brakes.
I think I love her but them words ain't been said still. 'Cause last time I did, things didn't end well.
Plus plus, my past was hashtag bench rail.
It's time to grow up, you know what?
I ain't tryna be another bum that's just scared of committing, take everything from these women then go missin.

I gotta kill the wicked part of my heart that keeps pimpin'
If I ain't got the strength, then I know where to get it.
Uh, you live different when you know you've been forgiven.
His love is forever, don't you ever forget it.
Uh, you live different when you know you've been forgiven.
His love is forever, don't you ever forget it.(Chorus)(Dimitri McDowell)
Please speak your mind, I'm wide open.
Love you for you girl, let it be hard girl.
Lay it on the line, tell me all your questions.
Promise I won't judge you, try not to judge me.(Chorus)His love is all we got.
Na na na. His love is all we got.
We've got, we've got, yeah.
