Girl Eyes

Eve 6

It said, "Karina" on the wall we were leaning
I get a feeling and she starts to grin
Adjusted my pants as my face turns to red
Foresight is so often blindJust take the 2 to the 134
But first take the elevator to my floor
It's good to be bad if it's better than bored
Foresight is so often blind
Slur to a favorite rhymeGirl eyes tend to hypnotize
The trance is so divine
Decide to be the reason why
I stay another nightVodkareening through the hotel door
Guilty is really a choice and a chore
It's good to be bad if it's better than bored
Foresight is so often blind
Slur to a favorite rhyme and that's whenGirl eyes tend to hypnotize
The trance is so divine
Decide to be the reason why
I stay another nightI took her hand
And then an aspirin in the morning
I took her hand and took her homeIt said, "Karina" on the wall we were leaning on
Afraid of a common phenomenon againGirl eyes tend to hypnotize
The trance is so divine
Decide to be the reason why
I stay another nightGirl eyes tend to hypnotize
The trance is so divine
Decide to be the reason why
I stay another nightHypnotize, with the life
I was pressing so divine
Hit the lights
