

# Somebody Like You

## 38 Special

Shoulda kept my distance  
Shoulda known what I be riskin'  
But nothin' short of holding you would ever doDarlin' if we could be together I would wait for you forever  
But how'm I gonna win if you never loseI could feel the pressure  
I could see you were something special  
I couldn't walk away from you if I'd triedDarlin' I wanna be near you if only you'd feel like I do  
I must 've had it wrong, I should a knownSomebody like you could break my heart  
Somebody like you could tear my world apart, oh yeah  
Somebody like you could keep me in the dark  
Somebody like you could break my heart, yeah yeahI knew that I was fallin'  
I could hear your heart beat callin'  
I was hopin you'd be mine before the night was throughDarlin' I could keep on loving you  
If there's a chance to somehow break through  
I must 've had it wrong I should a knownSomebody like you could break my heart  
Somebody like you baby  
Somebody like you I'm tellin' ya  
Somebody like you could break my heart, yeah yeahGuess I new right from the start  
That you were a pretender  
But it was you who held my heart  
I got love I wanna send you  
Yeah, are you ready to surrender? Oh yeahSomebody like you could break my heart  
Somebody like you could tear my world apart, oh yeah  
Somebody like you could keep my in the darkSomebody like you baby  
Somebody like you I'm tellin' ya  
Somebody like you could break my heart
