# Carnivals and Festivals

## Dragpipe

Step back, then relax
On the sight of another stack
Living on the mind of one you know
Somethings real, I can feel
Somethings real that I could never steal
Living on the mind of one you knowNot to run, just for fun
Let me feel as if I'd never come
Living under one that I could heal
There's your chance, take a glance
Let me feel like I will never live
With those carnivals and festivalsAs if I never liked you
I guess there's nothing left to doGetting up from a stuck
Sipping on the suck of my luck
Whispering the lies that hold my eyes
I can feel from your steal
That there'll never be another deal
Waiting on the bet that I will goTake it off, leave me lost
Let me feel as if I'd never watch
Another carnivals and festivalsNows the time to watch me climb
Into the mind of another time
With no carnivals and festivalsAs if I never liked you
I guess there's nothing left to doGuess what, out of luck
Now there's time for another fuck
Laying on the mind of one you know
Somethings real, I can feel
Somethings real that I could never stealFilling up the mind of the one you know
Not for me, not for you
Let me feel as if it's always true
Living under one that I could feelNothings your mind, get in line
Let me feel that I will never die
Living with those carnivals and festivalsAs if I never liked you
I guess there's nothing left to doLiving on the time that held on
To my mind when I'm with you
But now I guess there's nothing left to do
