

Life Line

Harry Nilsson

Down
To the bottom
Hello
Is there anybody else here?
It's cold
And I'm so lonely
Hello
Is there anybody else here?Hello
Won't you throw me down a life line?
I'm so afraid of darkness
And down here it's just like night timeOohs, are all around me
Hello
Will you please send down a life line?Down
And there isn't any hope for me
Unless this dream which seems so real
Is just a fantasy
