

All I Need

JJ Heller

Verse One:

I don't need a thing,
My good Shepard brings me all,
You are all I need.

You let me catch my breath,
Even in the Valley of Death
You are all I need

Chorus:

All I need to be complete
is your love, your blood
that covers me

Verse 2:

You lift up my head
You provide the wine and bread you,
You are all I need

There's no need to fear
Even with my enemies here
You are all I need.

Chorus:

All I need to be complete
is your love, your blood
that covers me

Bridge:

Goodness and Mercy
are following me you're all that I need
You make a Home for me
Where pastures are green
As far as I see you,
You are all I need

Chorus:

All I need to be complete
is your love, your blood
that covers me
