

# Evil

## Cactus

You're a long way from home  
Can't sleep at night  
Grab your telephone  
Somethin' ain't right That's evil, evil's goin' on  
And I'm just warnin' you brother  
You better watch your happy home Long way from home  
Can't sleep at all  
Feels like a mule's kickin' in your skull That's evil, evil's goin' on  
And I'm just warnin' you brother  
You better watch your happy home Watch it, watch it! Long way from home  
You can't sleep at all  
Feels like another mule's kickin' in your skull That's evil, evil's goin' on  
And I'm just warnin' you brother  
You better watch your happy home Watch your happy, watch your, watch your happy home yeah, evil, evil,  
evil! watch your happy home
