Y.O.Y.

moe.

Of all these people I can't understand
Why they're all flying in one direction
And if they didn't have a road map
They couldn't make a single connectionBut why, oh, why must it be
I'm the only fish on the sea'If I had a boat I'd sail the ocean
With nothing on but shades and suntan lotion
And if the man came to bust me
I would have to keep me freeBut, pretty boys just leave a stench
Wish I could SUCK LIKE MONKEY WRENCH*I will take every last thing with a smile on my face
I would take every little thing like I owned the whole
damn place
I just ain't got the time to get on my own case
What's the difference anyway' I'm just joining in the
raceBut why, oh, why must I run'
What on Earth have I become'My friends have been telling me and I definitely do
agree
My doctor** says I'm oral/anal**
All my favorite symbols are wiped off the wall
I'll smartin' up and stop trying to please you allBut why, oh, why must it be
I'm the only fish on the sea'Of all these people I can't understand
Why they're all flying in one direction
And if they didn't have a road map
They couldn't make a single connectionBut why, oh, why must I run
What on Earth have I become'
