

# Dragons

[Jimmy Nail](#)

The first time I saw you I realized at once  
You were an angel in torment  
How could I desert you? I vowed in that moment  
Nothing in this world, or any other  
Would ever threaten or hurt you Dragons rage outside your door  
But I'm on my way to save you  
Demons wage unholy war  
But I'm on my way to save you The forces of darkness may mobilize  
One hundred million demons  
An army to keep you far from me Determined to stop me, they'll spend eternity  
Regretting they ever crossed me  
They'll suffer, believe me Dragons rage outside your door  
But I'm on my way to save you  
Demons wage unholy war  
But I'm on my way to save you Dragons rage outside your door  
But I'm on my way to save you  
Demons wage unholy war  
But I'm on my way to save you Dragons rage outside your door  
But I'm on my way to save you  
Demons wage unholy war  
But I'm on my way to save you To save you, to save you  
To save you, to save you  
To save you, to save you
