

Dream Come True

J Minus

Dream come true
The summer of 05
I still remember how you caught me by surprise
It was the fourth of July
My favorite time ? I love to paint the sky
Good time to be alone ? that?s what I always told myself
But I lied, but at least I tried
You saved me from the one that let me drowned
That turned my whole world upside down
I cannot be without you
I cannot be without you
But I can?t buy you a diamond ring
Or serenade you cuz I can?t sing
But I can love you with everything I am
A life with you ? it?d be so sweet
I?d call it a dream come true
Alone with you ? it would make my day
Just to hear you say I love you
There?s a passion in your eyes
A familiar sight that gets me every time
You?re beautiful inside
And that?s so rare these days
I?ve searched ? so hard to find
You ? I can?t believe I found you
So come on come on come on
Don?t be scared
Come on come on come on
I?ll be there
Come on come on come on
No one compares to you
But I can?t buy you a diamond ring
Or serenade you cuz I can?t sing
But I?ll stand by you through anything
A life with you ? it?d be so sweet
I?d call it a dream come true
Alone with you ? it would make my day
Just to hear you say I love you
I know I don?t always show the way I feel
It?s just so hard to tell you

After all the cracks I fell through
That you are the only one on my mind
A life with you ? it'd be so sweet
I'd call it a dream come true
Alone with you ? it would make my day
Just to hear you say I love you
