

Let's Be Friends

New Edition

Friends

Friends

Friends I guess you want to know why I got to go

Knowing how I feel about ya

I can go all night sing my our love

But it's hard to fight this feeling, feeling inside Girl, I can not do what I want to do

Momma said that we're movin' to fast

If we hold on to and if love is true

I know the day will finally come around Let's be friends 'cause I don't want to hurt you

Let's be friends, I don't want to let you down

Let's be friends, na girl, I don't want to hurt you

Let's be friends, I don't want to let you down Girl if we explain why we must refrain

Why we can't give in, we can only just be friends

If you only knew what I'm going through

I really want'cha but I can't stick around Girl, I can not do what I want to do

Papa said that we're movin' to fast

If we hold on to and if love is true

I know the day will come but in the mean time Let's be friends, I don't want to hurt you

Let's be friends, I don't want to let you down

Let's be friends, I don't want to hurt you

No You know you're the only one for me, girl

You're the only one I need, girl Want you be my friend we can work it out

Let's be friends let's be friends

So hard to turn love down Friends

Out it out

I just can't stick around Friends

Don't cha want be my friend

I don't want to let you down Girl, I know how you feel about me

And I'm not knocking the way you feel

But as you can see baby time is not on or side

And for that reason we can't be together But I can assure you

One day we would prove them all wrong

But in the meant time love

Let's just walk away and be friend's Friend's forever

Soon enough it will be

Just you and me

We can work it out, we can work it out

Yeah yeah
