

I Love You More Than You Love Yourself

[Austra](#)

[Verse 1]

There is nothing in your soul tonight

I only see darkness

And there is nothing in your soul tonight

I only see darkness[Verse 2]

The past, how thick it grows

Shakes up what you didn't know

Proceeding, try a little bit harder, baby

You're indifferent

You're a stranger to what makes you feel good[Hook]

I love you more than you love yourself

I love you more than you love yourself[Bridge]

On top of it

Pulling out the nails

In a moment of calm

Still feels good

But it's been so long[Verse 1]

There is nothing in your soul tonight

I only see darkness

And there is nothing in your soul tonight

I only see darkness[Verse 2]

The past, how thick it grows

Shakes up what you didn't know

Proceeding, try a little bit harder, baby

You're indifferent

You're a stranger to what makes you feel good[Hook]

I love you more than you love yourself

I love you more than you love yourself
