Baby Come Back

Kill Paris

My love
You were the one thing in my life
That I treated bad
Sometimes enough, I made you cry
And I know the way I made you feel was wrong
(I left you sad and lonely)
But the things I did
The words I said were much too strong
And I swear if you come back to me
I'll do things much differently
If you were here with me today
This is what you'd hear me say
We could've been so good together
Couldn't we give it just one more try?
I thought that we would last forever
But now you're gone and I think I know why
I guess I should have said I am sorry
Maybe things wouldn't be this way
Heaven knows I love you baby
If you love me, baby, come back to me
The times that I made you cry
I'm sorry, don't you say goodbye
I wish I had this chance to love you more
(I love you, I love you)
But now you're gone I can't go on, I'm all alone
And I swear if you come back to me
I'll do things much differently
If you were here with me today
This is what you'd here me say
We could've been so good together
Couldn't we give it just one more try?
I thought that we would last forever
But now you're gone and I think I know why
I guess I should have said I am sorry
Maybe things wouldn't be this way
Heaven knows I love you baby
If you love me, baby come back to me
Tonight I'm only thinking of you
Feeling sorry for myself, that's all I can do

Without you here I know I'd fall apart
Oh, so at night I dream I'm holding you in my arms
(At night I dream you're in my arms)
(Ooh, baby, baby)
Baby
If you were here with me today
This is what you'd hear me say baby
We could've been so good together
Couldn't we give it just one more try?
I thought that we would last forever
But now you're gone and I think I know why
I guess I should have said I am sorry
Maybe things wouldn't be this way
Heaven knows I love you baby
If you love me, baby, come back to me
Couldn't we give it just one more try?
I thought that we would last forever
Now you're gone and I think I know why
I guess I should have said I am sorry
Maybe things wouldn't be this way
Heaven knows I love you baby
If you love me, baby, come back to me
Baby, come back to me
Baby, come back to me
