Doo-Wop

Climatic

You make systems overload
I'm up high light vertigo
We go wild, baby we go wild
Hard to beat this after tube, they don't know bout me and you
We go wild, yeah baby we go wild
Hey see, when you hit me up baby
Throw my hands up like crazy, show em how we do
(yeah we doing like)
Shakey, when you hit me amazing, throw my hands up like crazy
Show em how we doYou be bringing in my head head head
Like a drum drum drum
That base base base
Makes me dum dum dum
I don't doo-wop, I I I don't doo-wop
You be bringing in my head head head
Like a drum drum drum
That base base base
Makes me dum dum dum
I don't doo-wop, I I I don't doo-wop
You be bringing in my head head head
Like a drum drum drum
That base base base
Makes me dum dum dum
I don't doo-wop, I I I don't doo-wopIt's like your from out of space, knock me out hey beauty-face
I bow down, baby I bow down

I write all my songs with you, I bow down! baby I bow downHey see, when you hit me up baby
Throw my hands up like crazy, show em how we do
(show em how we do)
