

# Deathly

Melissa Ferrick

Now that I've met you  
Would you object to  
Never seeing each other again  
Cause I can't afford to  
Climb aboard you  
No one's got that much ego to spend So don't work your stuff  
Because I've got troubles enough  
No, don't pick on me  
When one act of kindness could be  
Deathly  
Deathly  
Definitely Cause I'm just a problem  
For you to solve and  
Watch dissolve in the heat of your charm  
But what will you do when  
You run it through and  
You can't get me back on the farm So don't work your stuff  
Because I've got troubles enough  
No, don't pick on me  
When one act of kindness could be  
Deathly  
Deathly  
Definitely You're on your honor  
Cause I'm a goner  
And you haven't even begun  
So do me a favor  
If I should waver  
Be my savior  
And get out the gun Just don't work your stuff  
Because I've got troubles enough  
No, don't pick on me  
When one act of kindness could be  
Deathly  
Deathly  
Definitely
