

# Money Walk (feat. Yo Gotti)

Lil Durk

[Intro]

Yeah

Approach me right, nigga[Verse 1: Lil Durk]

Pour the drank

I'm just sippin' good while they wanna stank

Diamond chain, bitches get so thirsty for these Cuban links

Real nigga, don't gotta prove it [?], fuck what you think

Real killers, your ass will be dead before you even think

Gang[Hook: Lil Durk]

Walkin' like I got money, I'mma do the money walk

Walkin' like I got money, I'mma do the money walk

Walkin' like I got money, I'mma do the money walk

Real nigga with a lot of bans, let the money talk[Verse 2: Lil Durk]

Pulled up to the top, dropped me a load off

Bitch [?] when they see me ride with these [?] on

Wanna fuck with my chain taking her clothes off

Pulled some with [?] bitch I gotta doze off

Rolie cost me thirty thousand, make my jeweler proud

[?] drone, move the crown pack smoking too loud

New Mike's, new yeezy boots two thous

I used to want one bitch, broski I got two now

Strippers want these single come dance for it

Looking at my watch, bitch I paid bad for it
