Weirdo

The Vaccines

I know I'm fucking moody
And I know I'm quite unkind
I know I'm kind of distant
But you're always on my mind
And you imply that I am apathetic
Right to the bone
And I don't wanna let it go
You know I'm not a weirdo
No
I don't wanna let it go
You know I'm not a weirdo
I guess I'm quite controlling
And I'm insecure
And I know you'd like it better
If I opened up some more
But I don't even know if I
Could look you straight in the eye
Oh
And I don't wanna let it go
You know I'm not a weirdo
No
I don't wanna let it go
You know I'm not a weirdo
No, no

Don't wanna let it go
You know I'm not a weirdo
I know that I'm neurotic
And I'm hard to please
And I'm disobliging
And faulty by design
Not withstanding, I think we could work out
Work out just fine
And I don't wanna let it go
You know I'm not a weirdo
No
I don't wanna let it go
You know I'm not a weirdo
No

You question me even though
You know I'm not a weirdo
I don't wanna let it go
You know I'm not a weirdo
No
I don't wanna let it go
You know I'm not a weirdo
No
I don't want to let it go
You know I'm not a weirdo
