Disciples of Blasphemous Reprisal

Incantation

Submerged in subjugated provocation
Thy euphoric misfortune (tribulation)
Laceration upon my flesh
Diminishing lucidity unto a void of perversionThe fulfilling desolation, in flames I arise!Possession, entraps my mortal soul
Demented, hunger of anguish I craveThe feast of 2000 years,
The sin of abomination I foreseeDamned in Christ's blood, thy soul is not of he
Catholic degeneration, unholy desolationPerversions of the trinity,
The sign of unholy victory
Angels falling, burn eternally
666, blasphemy!We ride as one through a sea of eternal sewage
The dawn of retribution is among thee
Fighting 'til death, annihilation is evident, obliteration.
