Ghost

Bandit Heart

I know all your secrets
Do you know mine
In my heart I keep you
Like a diamond I'd find

And if you're an angel
I'd steal your halo
So you'd still fall for me

Cause time is a bandit
The thief in the night
And I know you can't stand it
But I'm gonna fight

And if I am crazy
Then just say it baby
I know how this will end

Cause you've got all your reasons
And me I've got mine
The differences I keep them
Like a diamond I'd find

And maybe this is something
But damn I got nothing
