

Big Cars

Jimmy Eat World

It's not a dream (not a dream), watch your lips move but can't hear
I can see (I can see) everything else is unclear
Camera's on (camera's on), fixed on one face and on tears
What a scene (what a scene), fly us in and you'll all cheer
If there's something wrong you just press Delete
Your family can sleep well tonight
We're a long, long way
'Til all the good names for your big cars will be used
I can't believe (can't believe) there's so much love that we
all share
So lie to me (lie to me), all I know is I don't care
If there's something wrong you just press Delete
All the journalists say we'll have time to eat
Your family can sleep well tonight
We're a long, long way
'Til all the good names for your big cars will be used
Your family can sleep well tonight
We're a long, long way!
'Til all the good names for your big cars will be used
Your family can sleep well tonight
We're a long, long way!
'Til all the good names for your big cars will be used
(Your family can sleep well tonight)
Your family can sleep well tonight
We're a long, long way!
'Til all the good names for your big cars will be used
