Is it any wonder why Iâ€™ve made it so hard to see
Everything Iâ€™ve always known was there
Why should I still care?
Guess Iâ€™ll just do what I do
Despite that look on your face
When it comes into view
I tend to follow it
Honestly sometimes I donâ€™t even know what I really think
About everything Iâ€™ve always said
Maybe itâ€™s just me?
Guess Iâ€™ll just do what I do
Despite that look on your face
When it comes into view
I tend to follow it
Thereâ€™s no way to know
If itâ€™s the right time or place
Ohh but itâ€™s the way that I go
I tend to follow it
Yeah I tend to follow it
