Hand It Over

James Hunter

Since you caught my eye
I see you everywhere
No matter how I try
You hardly know I'm there

And I'm gonna try
To catch your love somehow
Whoa baby hand it over right now

[Chorus:]
Hand it over
Hand it over
Hand it over baby and
I'll make it worth your
While if you do
And I hope you'll understand
I won't try nothing
Underhand
With you

I'm gonna set my heart
To lay in wait for you
I'm gonna send my eyes
To watch over you too

Gonna send my arms
To catch your love somehow
Whoa baby, hand it over right now

[Chorus:]

No use in you runnin'
From this love of mine
Don't you know you had it comin'
For a long long time

And I'm gonna try
To catch your love somehow
Whoa baby, hand it over right now

[Chorus:]
