

Every Single Day

Tha Dogg Pound

Every single day, ooh, every single day
I've got to have it, every single day
I gotta have it, every single day Yo, it's on nigga, a stick up motherfucker
"Boo ya" went the fo' fo', there goes another
Nigga playin' the roll of the tuffy
Ridin' me like a Huffy, niggaz that's tryin' to bust me Watch ya back 'cause I'm comin' when ya least
Expectin' a nigga to start wreaken like a beast
Beauty, it's my duty to gets wild
Grips the mic and kicks back mad style One, two, three and to the fo'
It's the K U R U P T wit tha chrome fo' fo'
Rat tat tat tat niggaz fall to the flo'
And Dat Nigga Daz come steppin' through the do' Uh, open up ya mind for a second, now pause, freeze froze
Close doors, Doggy Dogg's in the motherfuckin' house once mo'
A little taste for them niggaz that be bitin' my flow
Yo, put ya gun away, run away 'cause I'm back
(Got it?) Hit 'em up, get 'em up, spit 'em up, did 'em up like that
Nigga so what the fuck can I say?
We droppin' shit like this like every single day
I keep a strap in my pocket when I step
'Cause niggaz be trippin', thinkin' I'm slippin' but I ain't slip yet I ain't sayin' I'm untouchable
But if ya fuck wit the Dogg I'ma buck ya though
So, play me if you wanna get played
But what about now Dat Nigga Daz 'bout to get my back blazed Creep wit me as I crawl through the hood
Every single day, every single day
(Every single day)
Every single day, every single day
Every single day, every single day I come creepin' through the fog wit my saggin' duce
Eastside, Long Beach in a seven eight Coupe De Ville
Rollin' wit the G folk, bumpin' in my shit and it don't quit
Droppin' on the one motherfucker put together that's it A nigga wit a grip off that gangsta shit
Wit a fat ass sack, some Tanquerey and a bitch
Booty hole naked on my flo'
Give it to the dizzo, let the bitch go 'Cause bitches ain't shit and I don't love that hoe
All I be smokin' is that bomb ass chronic
And in a minute I'm feelin' the bionic See, I come back like a champ, Tyson hit hard as Snoop
He gonna be rockin' on the mic when he lit it up, hit' em wit the Pound
Blood, flying through the sky like a dove

Gotta stay above, H O E to the S N double O P, D O double GPass the number one spot like a ball
From the the doc to the motherfuckin' Dogg
Yiggy yes y'all 'cause I fades 'em all
When I'm steppin' through the fog and creepin' through the smogI gotta whole army of forts, I gotta whole
brigade of rhymes
In a mental state, time to time, I'm engaged in the crimes
Whether in a fix, my experience leaves me to notice
In the mix, no negligence, have you the audacityTo come blastin' me? Actually I cause catastrophes
Down at blast for me, I'm catastrophic, the shit you must do
Shaky ass nigga, now how the fuck can we trust you?
We're the cashy, ashes to ash to ashy, dust to dustI bust when I'm here when heat flashes
My heat sends heat strokes, my scraps put the seniorita
Make niggaz choke like inhalin', end up the smoke
So take one toke off the automatic, I got stashed in my coatUnder pressure, I come to test ya, extra
Extraordinary, rough texture, rough rhymin' texture
Expect a next, a hittin' balls to hard balls subject ya
The romantic buildin' is the beginnin' of ya destiny
Destined to fall, praise to me and D A Z
We mash, leave no flaws, we break jaws
Smoke all the chronic wit Daz and my nigga Doggy DoggEvery single day, every single day
Bitches on our nuts like every single day
Every single day, every single day
Bitches on our nuts like every single dayEvery single day, every single day
Smokin' on the chronic like every single day
Every single day, every single day
Bitches on our nuts like every single dayEvery single day, every single day
Every single day, every single day
Every single day, every single day
