Neon Light - Illegal Substance

Verse 1

Let me step right in it's all fitness  
Disco tech I look so fresh  
I met this girl who was fast  
Like and Allison Williams with a whole lot of ass  
See, I feel it hot, I feel it now  
Those fascinations got your head up in the clouds  
I would love to take you, all around the world  
But tonight it's me and you and I'm going to rock you girl

(Chorus)

Neon light, we will fade  
Amsterdam or Bombay  
It's the, neon light  
Neon light oh  
Neon light  
In the, neon light ,we will play  
At a disco tech, in LA  
Oh, Neon light  
Feel so right, oh  
Neon light

(Bridge)

Let's groove  
Come on  
Come on again (repeat)

Verse 2

She's miss nasty girl yeah that's right  
With an attitude I'll take her home tonight  
Moved so raw excuse me miss  
Grabbed my hand and licked my kiss  
We're living fast, we're living now  
Infatuation got us spinning upside down  
Come back to my place girl we're going to make this go all night  
And get lost in the sin of the city, under the

(Chorus)

Neon light, we will fade  
Amsterdam or Bombay  
It's the, neon light  
Neon light oh  
Neon light  
In the, neon light we will play  
At a disco tech in LA  
Oh, Neon light  
Feel so right, oh  
Neon light
