You wont get away from the WRATH THAT COMES WITH ATROCITIES  
I got ya where I want ya, NOW my fingers on the triggers and I'M about to SQUEEZE begging me oh plea  
Pushing shuving braking bones, try to take my home  
Try to roll up in my zone, motha fukaz goin down alone, tension rising in the street  
Got ya friends to push ya heat. and when your mission was incomplete, identicles of memories  
My enimies, me an lucky cona laket cona baket cona luket enimies

You wont get away from the WRATH THAT COMES WITH ATROCITIES  
I got ya where I want ya, NOW my fingers on the triggers and I'M about to SQUEEZE begging me oh plea
