You heard the thunder roar
You stood inside the storm
You saw it all before the rain came pouring down
Even now
You see my troubled heart tossed on this endless sea
Though I can't reach the shore You're always in my reach
You whisper peaceYou can be trusted
In the dark and in the light
You can be trusted
With my heart and with my life
I've never known Your love to fail
I know that it never will
You can be trusted
You never leave my side when others turn and run
You always keep Your word, complete what You've begun
And it's enoughYou can be trusted
In the dark and in the light
You can be trusted
With my heart and with my life
I've never known Your love to fail
I know that it never will
You can be trustedIt's just like You to do
What You say what You say You'll do
It's just like You to prove
What You say what You say is true
You can be trusted, You can be trusted
I have never known Your love to fail
I know that it never will
You can be trusted
In the dark and in the light
You can be trusted
With my heart and with my life
I've never known Your love to fail
I know that it never will
You can be trustedYou can be trusted
In the dark and in the light
You can be trusted
With my heart and with my life
I've never known Your love to fail

I know that it never will
You can be trusted
