

# Blue Spanish Sky (Remastered Version)

Chris Isaak

It's a big blue Spanish sky  
Lay on my back and watch clouds roll by  
I've got the time to wonder why  
She left me  
It's a slow sad Spanish song  
I knew the words but I sang them wrong  
The one I love has left and gone  
Without me Now she's gone, our world has changed  
Watching a blue sky, thinking of rain It's a slow sad Spanish song  
I knew the words but I sang them wrong  
The one that I love has left and gone  
Without me It's a big blue Spanish sky  
I lay on my back and watch clouds roll by  
I only wish I could make you cry  
Like I do  
Like I do  
Like I do
