Silver Bullet

Hawthorne Heights

Tonight, we'll fly away so high
Our first full moon skyI'll breathe you in
I won't let you down
I won't hold you back
I won't make a soundI know what scares you the most
Being alone or just like them
Being alive while feeling so, deadAt least you'll have my heart
You know, you shine so brightI got a single silver bullet
Shot right through my heart
To prove I can survive
Without youI got a single silver bullet
Shot right through my heart
To prove I can surviveCan you sleep at night
If I hold you tight?
I won't let you go
This feels so rightPlease don't leave this timeAt least you'll have my heart
You know, you shine so brightI got a single silver bullet
Shot right through my heart
To prove I can survive
Without youI got a single silver bullet
Shot right through my heart
To prove I can surviveTonight, we'll fly away so high
Tonight, we'll fly away
You know the moon is full and
I can't live without youTonight, we'll fly away
Tonight, tonight
Tonight, we'll fly away
TonightI got a single silver bullet
Shot right through my heart
To prove I can survive
Without youI got a single silver bullet
Shot right through my heart
To prove I can survive
