A Song For You

Bizzy Bone

I love you in a place, where there's no space or time
(Dog, Uh! Bizzy Bone, it's the Dog)
I love you, for my life you're a friend of mine
(Bizzy Bone)
And when my life is over, remember when we were together
(Got the Dog and Bizzy Bone)
(Show ya how it's done, aight?)
We were alone and I was singing this song to you
Br-r-r-r automatic, whatever you want to know we got's to cry
That I stand in the back and ready, attack and ready for combat
I heavily heated, weeded, beat it, need it, see it
Get it, get it, get it good, don't get it misunderstood
My homey, only homey, walking and we talking fo' sho
And I'ma be with him in the end with forgiveness no mo'
And remember the words are 'herb perfect'? How could I be worthy?
And when I feel so damn dirty, dirty
My leaning on a leer jet, baby ain't here yet
Henny, caffeine and nicotine, notice I left out the green
Notice I never brake a set, who's that? F kit
I don't even know the chick, I don't even know that shit
Ex me, perplex me, flex on decks man
Chastment, investment, quiet as kept
I say now ex me, perplex me, flex on decks man
Chastment, investment, quiet as kept fair
I love you in a place, where there's no space or time
I love you, for my life you're a friend of mine
And when my life is over, remember when we were together
We were alone and I was singing this song to you
Mad stressed that I can't even sleep where I rest
So now I wear a vest, but what if I don't catch it in the chest?
Then I'm out, just like the light when the power's gone
And there's another tombstone the child's putting flowers on
Long live the dream of making enough cream
Where I won't have to scheme or roll around with the team
And niggas I can't trust that I might have to bust
Over something dumb, know where I'm coming from? Fuck the fuss!
It's too much to bear and every day is getting worse
Got me plotting on my peeps and how to get 'em first
Thirst is something to make a nigga strive and stay alive

So I watch my own back with the black 45
Are they coming? They coming to get us, I'm ready forever
They never defeat ya, they'll never deceit ya! What! Come on!
Are they coming? They coming to get us, I'm ready forever
They never defeat ya, they'll never deceit ya! Yeah! Come on!
I love you in a place, where there's no space or time
I love you, for my life you're a friend of mine
And when my life is over, remember when we were together
We were alone and I was singing this song to you
Tell me, do you remember? 'Cause baby I remember
We were alone and I was singing my song
My homey, only homey, walking and we talking fo' sho
And I'ma be with him in the end with forgiveness no mo'
And remember the words are 'herb perfect'? How could I be worthy?
And when I feel so damn dirty, dirty
I love you in a place, where there's no space or time
I love you, for my life you're a friend of mine
And when my life is over, remember when we were together
We were alone and I was singing this song to you
(Donny Hathaway)
I was singing my song
(Rest in peace, baby)
To you and only you, baby
