

Nice

Sick of It All

Personality, suffer and enjoy it
Civility, most annoying habit
Isn't what I want, can't be what I want
Eating at me, it's eating at me
Patience is a thorn in my side
Another thorn in my side
Feelings bottled up inside
Ready to suffer the consideration
Another test, I grit my teeth and stand it
Try to ignore the most annoying habits
Isn't who I am, can't be who I am
Feel my decay, I feel my decay
Patience is a thorn in my side
Another thorn in my side
Feelings bottled up inside
Ready to suffer the consideration
Nice, nice
Patience is a fuckin' thorn in my side
Nice, nice
Tolerance will stab at me
But it's nice
Worn down, jerked around
Patience wears thin, painful stabbing
Stabbing, stabbing
