Misdirection

Terraplane Sun

I took my time got myself degraded
I close my eyes see you suffocating
We took our chances well it's always a start
Look at our faces tell meWe're not sleeping, not sedation
Misdirection, overratedTeenage Musician?I set the fire while you demonstrated
I close my eyes 'cause it's so frustrating
I wanna touch it but it's always the same
Look at our faces tell meWe're not sleeping, not sedation
Misdirection, overratedI took my time
I closed my eyes
We took our chances
Look at our faces tell meWe're not sleeping, not sedation
Misdirection, overrated
