

Last One To Know

Springtime Carnivore

I'm getting tired of shufflin' my feet
Without closin' in
On what I see. The bloodhounds are barking, always on your trail.
You moved way too quick
To toss your heart back. If you're leaving town,
I wanna be the last one to know.
Leave it underground;
I won't try to reach you before you go.
I wanna be the last to know. People started talkin', I'm trying not to hear.
I locked every door.
But it's still clear. I don't need your letters, or your new address.
You can keep your answers to yourself. Now, if you're leaving town,
I wanna be the last one to know.
Leave it underground;
I won't try to reach you before you go. I should know, because I've seen it
But it's so hard to believe.
Wanna be the last to know. If you're leaving town,
I wanna be the last one to know.
Leave it underground;
I'm not gonna reach out before you go.
I should know, because I've seen it But it's so hard to believe.
I should try to believe it; you were so hard
To deceive.
I'll be the last to know.
