

Real Love

Clean Bandit

Oh, you've got the feeling that I wanna feel
Oh, you've got the feeling that I know is real, real, real It's in the way you look, it's in the way you love
And I can see that this is real
It's in the way you talk, it's in the way you touch
And I can see (And I can see) This is real, real, real, real love (real love)
This is real, real, real, real love
You give me that feeling, you give me that feeling
You give me that, you give me real love
You give me that feeling, you give me that feeling
You give me that, you give me real love Oh, before you I was searching for a rarity
Oh, you showed me things I've never thought that I would see It's in the way you look, it's in the way you love
And I can see that this is real, real
It's in the way you talk, it's in the way you touch
And I can see This is real, real, real, real love
This is real, real, real, real love
You give me that feeling, you give me that feeling
You give me that, you give me real love
You give me that feeling, you give me that feeling
You give me that, you give me real love Time won't waste, and we just learn
To take it slow and wait our turn
Held my breath, 'cause I believe
That you'll find me Real, real, real, real love
This is real, real, real, real love
You give me that love, real love
You give me that love, real love
You give me that love, real love
You give me that love This is real, real, real, real love
This is real, real, real, real love
(This is real, real, real, real love) You give me that feeling, you give me that feeling
You give me that, you give me real love
(This is real, real, real, real love) You give me that feeling, you give me that feeling
You give me that, you give me real love
You give me that love, real love
You give me that love, real love
You give me that love, real love
You give me that love (Real love)
You give me that love, real love
You give me that love, real love
You give me that love, real love

You give me that love (Real love)
