If It's Love

Crazy Lixx

In the night, do you feel like something's missing?
When you're alone, do you think of me sometimes?
Watched you go, and you told me were leaving
And I know I should've cried
But there's nothing left inside, ohI've been staring at the ceiling
While the daylight turns to dark
Wondering if you feel the same
It all seems so wrong
Cause I know I should be grieving
But everything's gone
And I can't seem to explain
If it's love, how come I feel no fire?
If it's love, why can I feel no pain?
If it's love, when will it break this hold of mine?
If it's love...Now they tell me that it's over
And you're never coming back
That it's time to move on
And I know it's true
I'll be better off without you
But I can't forgive
Baby ever since you're goneIf it's love, how come I feel no fire?
If it's love, why can I feel no pain?
If it's love, when will it break this hold again?
If it's love...
If it's love, how come I feel no fire?
If it's love, why can I feel no pain?
If it's love, when will it break this hold again?
If it's love...If it's love
If it's love
