

# The First Drop

## Noumena

I'm calling out, only echoes respond  
But I scream till my voice is gone  
Crouching in corners and hiding your face  
I'm sick and tired of playing your games  
I'm not alone, I stand amongst the voiceless  
Millions in the unforgiving sun  
Here arm in arm we parade these streets  
And sing our songs, and sing our songs  
(We've had enough)  
Is there even anything left to explain?  
(We've had enough)  
Am I really someone you need to restrain?  
(We've had enough)  
Can't you listen to what we have to say?  
(We've had enough)  
Unknowing, we lie and wait for the rain  
To wash away what they have made  
Face down in the dirt with your foot on my back  
In the distance I hear thunder crack  
Come on stand up, this system of power and privilege  
Is about to come to an end  
Here come the clouds  
The first drop is falling down, falling down  
(We've had enough)  
Is there even anything left to explain?  
(We've had enough)  
Am I really someone you need to restrain?  
(We've had enough)  
Can't you listen to what we have to say?  
(We've had enough)  
Our futures burn in red horizons  
Ashes scattered in winds of change  
Casualty numbers are rising  
Now it's time to raise the stakes  
We're meant for something more  
Than living just to put food on our plates  
I can't help but wonder  
Why should we participate?  
(Now we've had enough)

Is there even anything left to explain?  
(We've had enough)  
Am I really someone you need to restrain?  
(We've had enough)  
Can't you listen to what we have to say?  
(We've had enough)
