

Everyday's A Holiday

Stephen Jerzak

Have you ever Sailed across the Sea?
On your big flat screen TV?
Well if your into all that,
Then Maybe, i Should take you there with me.

See the world with your two eyes
Then maybe you can gaze into my eyes
We'll end up making a bunch of discoveries
But the best one would be that
You were meant for from the start

I'll take a shooting star right out of the sky
And wrap it up to you, from..
I need to get a passport ,
Maybe you meet me at the airport,
And get away from the normal day,
we're flying straight down to Jamaica
I need to get a passport ,
Maybe you meet me at the airport,
Cause' I don't want to leave,
Without you next to me, Girl .

Will we ever get enough of this?
Pick a place ,
Check it off the list.
As a matter of Fact,
We'll probably be running out of place to go
Before we run out of time.

We can throw our phones away,
because we wouldn't have any service anyway
Cause' nothing really matter
out here except that you're near me,
so let's keep going.

I'll take a shooting star right out of the sky
And wrap it up to you, from..
I need to get a passport ,
Maybe you meet me at the airport,

And get away from the normal day,
we're flying straight down to Jamaica
I need to get a passport ,
Maybe you meet me at the airport,
Cause' I don't want to leave,
Without you next to me, Girl .

Oh far away from everything
We know,
How to get there,
Just let it go,
Anywhere yo wanna be
Cause' everyday is a holiday ,
With me.

I got myself a passport ,
And baby, you met me at the airport,
Let's get away from it all tonight,
Flying straight down the islands
I got myself a passport ,
And baby, you met me at the airport,
I'm glad i didn't leave
Without you nest to me

Girl
Let's get away from it all tonight,
Flying straight down the islands
Girl
I'm glad i didn't leave
Without you nest to me
Girl
