## **Dying In LA**

## **Panic!** At the Disco

The moment you arrived

They built you up

The sun was in your eyes

You couldn't believe itRiches all around

You're walking

Stars are on the ground

You start to believe itEvery face along the boulevard is a dreamer just like you

You looked at death in a tarot card and you saw what you had to do

But nobody knows you now

When you're dying in LA

And nobody owes you now

When you're dying in LA

When you're dying in LA

When you're dying in LA

The power, the power, the power

Oh the power, the power, the power

Of LANights at the chateau

Trapped in your sunset bungalow

You couldn't escape it

YeahDrink of paradise

They told you put your blood on ice

You're not gonna make it

Every face along the boulevard is a dreamer just like you

You looked at death in a tarot card and you saw what you had to doBut nobody knows you now

When you're dying in LA

And nobody owes you now

When you're dying in LA

When you're dying in LA

When you're dying in LA

The power, the power, the power

Oh the power, the power, the power

Of LA
